JEFFRIES WANTS TO FIGHT NEGRO AGAIN

MAY BATTLE IN NEXT 6 MONTHS

"Many Reasons why I Want a Return Match," Says the Defeated Giant Today

JOHNSON WILL ACCEPT IT

Will Fight Now or Any Time for Proper Inducement, if Jeffries Is Sincere

LOS ANGELES, Cal., July 9.—"I may fight Jack Johnson again within six months," said the United Press today by James J. Jeffries, who is to leave soon for his Burbank alfalfa ranch.

"There are many reasons why I want a return match, and I am considering them carefully. I expect to make a definite statement soon."

The United Press reporter who interviewed Jeffries was the first newspaper man who talked to the big grizzly since his return from Reno. He was admitted to the home of Jack Jeffries, where Jim is staying, this morning.

Discussing his long silence, Jeffries said:

"Until today I have not had the heart to talk about my plans. I felt my defeat too keenly and I felt that all of my white friends who had wagered their money on my chances had been disappointed in the showing I made. It would be foolish for me to say, however, that I have not considered the idea of seeking another meeting with Johnson. In fact, I do not deny that I would like another chance to redeem myself, and I have already discussed the advisability of a return match with Sam Berger, Jack Jeffries and Kipper."

Negro Won on Fluke

Sam Berger, who was present during the interview, chimed in with the declaration: "Had Jeffries entered the ring two months earlier than he did he would have had an infinitely better chance. The long training and the mental strain under which he was compelled to work for weeks were too much for him and he simply broke down at the very moment when he ought to have been the strongest. Jeffries does not even now admit the negro's superiority, either as a boxer or in strength, and neither do I. Johnson's victory last Monday was simply a fluke. I do not mean to detract any from the credit due Johnson, who was prepared no doubt, to put up a terrific battle. When I say it was a fluke, I mean that he did not really have to meet Jim Jeffries, but his empty shell. I am just as confident as I ever was that Jeffries can whip that coon. There is only one way to prove whether I am wrong or right, and that is by a personal fight."

Long Training Did It

Jeffries at this point broke into the conversation again.

"Every man makes some mistakes," he said, "and I made mine when I trained as long as I did. I guess I banked too much on my

DEMOCRATS URGED TO UPHOLD PARTY

Delegates Elected to State Convention at County Gathering This Afternoon

THE 20 PER CENT MENACE

Leaders Call Attention to Fact that Ratio of Vote Must Be Out to Get Party on Ballot

About fifteen of the faithful democrats were present at 2 o'clock this afternoon at the court house when the democratic county convention was called to order by County Chairman John F. Doherty, who announced that the convention was called for the purpose of electing 20 delegates to the state convention to be held at Milwaukee next Tuesday. The chairman also announced that the question of county candidates might also be discussed inasmuch as State Chairman Davies is anxious to have complete tickets in the field in each of the counties of the state.

A. H. Schubert was elected temporary secretary.

The convention decided to eliminate the adoption of resolutions after which a committee was appointed to prepare a list of twenty names of democrats to act as delegates to the state convention.

Upon recommendation of the committee the following delegates were elected: John F. Doherty, O. J. Burnson, W. F. Wolfe, John C. Burns, Michael McHugh, E. J. Kneen, Geo. Hall, Carl Michel, William Fox, Henry Lueh, L. C. Sanders, Paul W. Mahoney, Frank Kohn, William Collins, F. I. Phelps, J. H. Moran, Peter Gullikson, W. B. Rose, John H. Dahl, Richard W. Davis.

Twenty Per Cent Problem

Chairman Doherty then read a list of the precincts throughout the county, showing the vote cast at the last general election for the democratic candidate for governor, and also the number of votes required in each under the 20 per cent law, at the coming primaries in order to get the democratic ticket placed on the regular ballot.

Ticket Talked Over

Mr. Doherty announced that the question of completing a county ticket be discussed by Mr. E. J. Kneen suggested that a committee be appointed to see that there are no vacancies on the ticket.

VENDETTA COSTS ITALIAN'S LIFE

Chicago Laborer Killed on Doorstep, Probably by Relatives of Man He Murdered

CHICAGO, July 9.—A vendetta which originated in Italy many years ago resulted in the shooting down today of Leonarda Dalcia, 45, Italian laborer on his own door step by a man whose identity has not been learned.

Dalcia was sentenced to ten years in an Italian prison for the murder of Angelo Gorgoso but escaped and came to this country, the police said today. Gorgoso's son and three nephews followed him to this country and the police are seeking them in the belief that they can throw some light on today's shooting.

Dalcia was leaving his home on his way to work when another Italian rushed up to him and shot him five times. The assailant escaped.

The attack was made in the heart of the Italian district where fifty blackhand murders have been committed in the last few years. Threatening notes have been coming to the Dalcia home for several weeks.

RENEW FIGHT ON IDLE LORDS

LONDON, July 9.—Although no definite announcement has been made, it is known on all sides today that Premier Asquith has failed to force the liberal party into an agreement with the conservatives for the indefinite shelving of the reform program for which the liberals have been working for so long.

The premier's defeat is due to the progressive liberals who realized that if a bargain were definitely closed between the premier and Arthur J. Balfour, former premier and leader of the conservatives it would be at least a year before the liberals would be in shape to renew their progressive campaign.

The fight for reforms in the house of lords will, therefore, probably be resumed at the autumn session of parliament, and by January it is predicted that another general election will be in order, on the definite issue of the lords' extermination or the stripping them of all their privileges.

GREAT FOREST THREATENED

VISALIA, Cal., July 9.—The big Sequoia forest near here is threatened with destruction today by a fire which is sweeping down on it through smaller forests three miles away.

Forty United States cavalry men and scores of ranchmen and forest rangers are out in the brush fighting the flames to prevent them reaching the giant Sequoia.

WHITE SLAVER IS NABBED IN CHICAGO

"Miss Jensen" Arrested by Detectives Enroute to Michigan Resort with Five Girls

CHICAGO, July 9.—United States secret service operatives were detailed today to secure evidence against "Miss Jensen," accused of inducing young girls to go to a resort at Houghton, Mich., who will be the first person prosecuted here under the new "white slave traffic" act. "Miss Jensen" was arrested last night after she had boarded a train in the company of five girls whom she is alleged to have recruited for the resort.

A man who was with "Miss Jensen" during her stay in Chicago, and a woman and her young son, also seen in the Michigan woman's company, are under surveillance and may be taken into custody.

"Miss Jensen" is held under \$10,000 bond for hearing before U. S. Commissioner Foote on July 15 and the five girls are held as witnesses.

NEW YORK, July 9.—The market recovered partially today from its disappointment at the government crop showing and after a hesitant tone at the opening, prices advanced rather generally throughout the list. The gains ranged from one to two points above the closing level of yesterday, affording evidence of well planned support. The recovery here was in sharp contrast to the heaviness in American stocks in London where some rather heavy selling was encountered.

All foreign markets were more or less disturbed by the indicated impairment in spring wheat in the United States although it was generally recognized that the damage had not reached a stage where it could not be largely remedied by favorable weather conditions from now on.

The market here became very active and strong toward the close with many of the active shares selling near the best price of the day.

AN HONEST MAN DRAWS ATTENTION

New York Contractor Pays Up Old Debts of Father for which He Could Not Be Held

NEW YORK, July 9.—"I sincerely trust that an honest desire to pay a man's debts is not so uncommon an occurrence as to be worthy of a newspaper story," today declared Fred Trench of the contracting firm of Terry and Trench, who is advertising for the creditors of the defunct firm of W. E. Trench and Son, that he may pay the twenty year old debts of his father, for which he is in no way legally bound.

Were Diogenes living he might have extinguished his lantern for in Trench he would have found his honest man. In 1888 the immense contracting firm of Trench and Son failed for a large sum. It was the desire of the elder Trench to pay off all his obligations but the shock of the failure broke him in health and his death occurred shortly afterward. To his son he left the legacy of debt.

Young Trench did not shirk his duty. For twenty years he has worked hard and spent nothing that he might clear his father's name. He became the junior partner in the firm of Terry and Trench, contractors. The firm built the immense Manhattan bridge across the East river, is at work on the 101,000,000 Pennsylvania terminals in New York and is recognized as a leader among structural iron and steel contracting firms.

As the firm prospered young Trench used his share of the profits to pay his father's debts, with interest in full. A couple of weeks ago the people of St. Catherine, Ont., were surprised to read in their local papers advertisements for the whereabouts of the creditors of the failed firm of W. E. Trench and Son of Chippewa, Canada. One of the men who answered was Capt. Wm. Ross of Port Robinson Ont., ninety years old. He had a claim of \$145.46. He received a check for \$298.38, the amount of the claim with interest in full.

TROOPS SENT TO GRECIAN FRONTIER

CONSTANTINOPLE, July 9.—Twenty-five thousand Turkish troops are today enroute toward Ellasano, on the Turkish-Grecian frontier, to protect Turkish interests from a band of Grecian raiders, among whom have been found a number of regulars of the Grecian army.

STRIKERS ABANDON MEETING

NEW YORK, July 9.—Following a conference of the leaders of the striking cloak makers this morning a big mass meeting, planned for union square this afternoon was called off shortly after noon. It was decided that the mere assembling of 35,000 to 50,000 strikers in the one spot would be an incentive to the disorderly element to cause trouble.

W. F. WOLFE WILL ACT AS CHAIRMAN

Prominent La Crosse Attorney will Wield Gavel at Democratic State Convention

M. K. REILLY OPENS SESSION

Fond du Lac Man to Preside when Gathering of Democrats Is Called to Order

According to plans of the state democratic leaders, Attorney W. F. Wolfe of this city will be elected permanent chairman of the democratic state platform convention, when it convenes at the Alhambra theatre in Milwaukee next Tuesday. Mr. Wolfe, according to the Milwaukee News, is the choice of the state central committee, for the office of permanent chairman, and the La Crosse man is expected to be elected by acclamation.

Michael K. Reilly, of Fond du Lac, will be chosen temporary chairman and will bring the convention to order.

Mr. Reilly will be introduced to the convention by Chairman of the State Central Committee J. E. Davies as its initial presiding officer. He is a well known attorney of Fond du Lac. He has the reputation of being an able speaker and will, his friends believe, make a strong convention address.

Mr. Reilly is an announced candidate for the democratic congressional nomination in the Sixth congressional district, but it is understood will not make the run if Congressman Weiss enters the field, which now seems certain.

Both University Men

William H. Wolfe of La Crosse, who will be suggested by the state central committee officers for permanent chairman, is one of the strong lawyers of La Crosse and is also a fine speaker. Both Messrs. Reilly and Wolfe are alumni of the University of Wisconsin and both won reputations as orators in the university.

Still Seeking Speaker

During the session of the convention at Milwaukee there will be meetings of the democratic county committees of the state and also of the democratic editors.

So far there have been no arrangements completed to bring a prominent democrat from outside to address the convention. Chairman Davies has corresponded with some twenty of the democratic leaders in various parts of the country, but none of them will be able to go to Milwaukee either Tuesday or Wednesday of next week. Among the men who were recently extended invitations to address the convention were Gov. Judson Harmon of Ohio and Gov. Marshall of Indiana.

Urge Party Fidelity

While there is no available forecast as to what the convention will do, it is expected the speakers will urge democrats to cling to the democratic party regardless of the appeals of republicans of either faction, and it is not unlikely that the campaign methods of some of the stalwart politicians will come in for an exposure. The convention was called for the adoption of a platform, but it is possible the delegates will take up the question of state office candidates for the September primaries.

MADISON GOLFERS ARRIVING IN CITY

the Country club. The visiting golfers arrived in the city today to prepare for the state tournament which starts here Tuesday. They were headed by Mr. Jacobs and registered at the Stoddard hotel.

When asked what plans had been made for the reception and entertainment of the visitors, F. P. Hixon this morning said: "There have been no special arrangements made for the visitors. There will be no reception or banquet of any kind given by the visitors."

Several of the Madison, Wis., golfers will be put up in a large tent and at the club house on the links while they are here, arrangements having been made to provide them suitable quarters while on the links.

WIDOW CLAIMANTS DECLARED FRAUDS

DENVER, Colo., July 9.—Attorney A. A. Osborn, representing the executors of the estate of the late Thomas F. Walsh, declared today that there was no foundation in the claim of two elderly Los Angeles widows that they were Walsh's sisters.

SPANISH BOMB OUTRAGE

MONOVAR, Spain, July 9.—More than a dozen arrests were made today in connection with the bomb outrage of last evening when two guests of Don Gallardo were killed by the explosion of a bomb, hidden in the dining room. Twelve of the diners, including the host, were injured. Gallardo is a banker and a conservative politician and the attack is believed to have been the work of political rivals.

STATE PARK AT DEVIL'S LAKE

L. C. Colman Confirms News which Comes Today from the State Capital

1,100 ACRES ARE SET ASIDE

Portion will Have to Be Condemned to Make Beauty Spot a State Preserve

MADISON, Wis., July 9.—(Special.)—A state park comprising the choicest part of beautiful Devil's Lake area has been assured through the Wisconsin state park board said Chairman Brittingham today. The board has acquired 1,100 acres of land contiguous to the famous Wisconsin lake, comprising all of the ground around the lake, except 75 acres which will have to be condemned. The comparatively small area of ground occupied by summer cottages has not yet all been acquired. There are about 31 cottages, but most of these if not all of them, have already agreed to freely give their property to the state taking in exchange only a lease thereon. This arrangement is acceptable to the park board. The cost is estimated at upwards of \$60,000. Members of the state board are Mr. Brittingham, Madison, chairman; L. C. Colman, of La Crosse, and Dr. E. C. Egeland, Ephraim.

L. C. Colman, the La Crosse member of the state park board, when interviewed in regard to the matter this afternoon, said: "Yes, we decided on the state park at the meeting which was held June 24. We have secured options on the greater share of the property, but you are giving me news when you state that there will be condemnation proceedings to secure the property which is not available. I don't know anything about steps to condemn property in that region. I expect that the park board will hold another meeting in the near future."

LODGE NERVOUS OVER HIS SEAT

BOSTON, July 9.—Menaced in his position as United States senator from Massachusetts, Henry Cabot Lodge, the 'scholar in politics,' today for the first time in years opened political headquarters here. It is not believed that Lodge sees great danger in the effort of Congressman Butler Ames to wear his political crown, but he has installed his private secretary Edward Clarke here to be prepared for whatever may happen.

THE AMES FIGHT AGAINST LODGE SO FAR HAS BEEN OF A 'GUM SHOE' BRAND

and what strength the congressman really has is not yet apparent.

Indian Dandruff Remedy

**Entirely Unlike All Others
—Free from Alcohol**

THAT is one great reason for its universal success. More than that—it is the only Natural treatment for all hair troubles, because it contains the Essence of Herbs, which start the natural flow of oils in the hair and stimulates the hair follicles to life and health. Other hair tonics are full of alcohol, which not only stunts the growth but removes the natural oil on which the life of the hair depends. Indian Dandruff Remedy contains only one-half of one per cent of alcohol and no artificial oils or chemicals. It is absolutely harmless and an unalloyed remedy for dandruff, dead, dull, split, gray and falling hair. Its clean, antiseptic odor and delightful feeling to the user cannot be had in any other preparation. A short trial will show astonishing results.

COUNCIL VOTES FOR REFERENDUM

Municipal Light Question to Be Submitted to the Vote of People at Next Election

COMMITTEE'S REPORT READ

Alderman Downs Insists Upon Allowing Representative of Company to Address Council

WHAT THE COUNCIL DID Votes to submit the question of establishing a municipal light plant to a vote of the people.

Orders poles of Wisconsin Telephone company removed from the Mormon Coulee road and also poles of other corporations, located in the brick paved district.

Passes ordinance reducing circus license.

Fixes date of annual city officials' picnic.

Orders new sidewalks laid. Elects Joseph Gieffer supervisor of the Twelfth ward.

Following considerable discussion after listening to the reading of the report of the special light committee and also to representatives of the La Crosse Gas and Electric company, the common council last evening voted to have the question of establishing a municipal light plant and the issuance of bonds to the amount of \$50,000 for the same, submitted to a vote of the people at the next general election. The vote, authorizing the referendum, was as follows: Ayes—Bedelessem, Casberg, Collins, Houska, Jofade, Kohn, Lang, Muenzenberger, Rose, Roth, Schneberger, Sletten, Smith, Tarbox, Vollman—15. Nays—Downs, Goddard, Granke, Marvin—4. Alderman Kroner did not vote.

After the reading of the report of the special light committee, which gave the list of the cities and the cost of lighting them, either with municipal plants or by private contract, the same as published in The Tribune Thursday a resolution was offered providing that the matter be submitted to a referendum at the next election.

Alderman Downs moved that one of the representatives of the La Crosse Gas and Electric company be given the floor and allowed to talk upon the subject.

Alderman Rose Objects. Alderman Rose objected to the motion on the grounds that the council simply had one question to decide and that was as to whether or not it desired to submit the question to the people. He said while the people had once voted in favor of a municipal light plant the vote was illegal through a technicality and therefore the special committee desires to give the people another chance to voice their sentiment as to whether or not they want the city to establish a plant for lighting the streets. He objected to having a representative appear before the council at this time because the question was not as to what the company will furnish light, nor anything else, simply the question of referendum.

Figures Not Complete. Alderman Smith said as a member of the special light committee he desired to give his reasons for not signing the report of the committee. He said he was not satisfied with the questions submitted to the various cities by the city attorney because, he said, they did not cover the ground. The figures given in the reports from the several cities, he said, did not give the taxation, interest or depreciation on the investment and therefore, in his opinion, the figures were not accurate. He said he believes that many people who voted for the municipal plant at the previous election did not understand the proposition and therefore he was in favor of resubmitting the question to them again.

Alderman Vollmar, another member of the special committee, said he signed the report because he was in favor of having the people voice their sentiment again in view of the fact that the former vote was illegal.

Alderman Tarbox expressed himself as being in favor of allowing the people to vote upon the proposition again.

Alderman Rose was again given the floor and said that if the majority of a committee was not to be considered when it submits a report the city clerk might as well tear up the report.

He thought the questions propounded by the city attorney were very good ones and thoroughly covered the ground and the answers to them gave the council the information desired.

The motion made by Alderman Downs to allow the representative of the company to appear before the council, was seconded by Alderman Goddard and was carried by a vote of 11 to 9.

D. G. MacMillan, president of the La Crosse Gas and Electric company, appeared before the council but had little to say. He said the company had made its proposition the best it knew how to the council and further that that nothing was to be said upon the question.

Same as Fort Wayne. P. M. Gelatt, secretary of the company, then took the floor for a short time and commented upon the figures given by some of the cities which have municipal plants and which declared that they could furnish light cheaper than it is now being furnished in La Crosse or less than the price offered by the company for a twenty-year contract. He

said the reports were not complete, because they failed to give figures as to taxation, interest or depreciation. He said he thought the information was very indefinite. He compared the figures given by the city of Fort Wayne, Ind., with those offered the city of La Crosse by its company. He said Fort Wayne is located in the coal country and its municipal plant furnishes light at \$53 per lamp, which, he said, was exactly the same service as that which the company proposed to furnish here for \$55.

A sidewalk was ordered laid on the south side of Clinton street from Rose street to the Black river bridge.

The report of the finance committee recommended that the annual report of the comptroller be not published owing to a lack of funds.

A resolution providing that the health officer be sent as a delegate to the annual meeting of the American Health association to be held at Milwaukee in September, was referred to the health committee.

A communication from City Engineer George Bradish, calling attention to the fact that the creosote block pavement on Cass street from Fifth street and West avenue is in need of a coating of creosote to fill the crevices between the blocks, was referred to the special street improvement committee.

The board of public works was authorized to advertise for bids and let the contract for constructing brick pavement on Division street between Second and Third streets.

Owing to the fact that but one bid was received for constructing water mains on La Crosse street from Fourteenth to Sixteenth streets, the same being \$1,630, which was \$400 above the estimate, the matter was referred back to the board of public works.

The board of public works was instructed to make necessary improvements on the roof at fire stations Nos. 1 and 5 not to exceed a cost of \$300.

The board of public works was authorized to purchase suitable chairs for use in the various election booths of the city.

Alderman Kroner read a resolution providing that the La Crosse City Railway company be permitted to erect three poles on Jay street between Second and Third streets and one on Second street near the plant of the La Crosse Gas and Electric company in order that the current may be transmitted to the street car system from the light company's plant. WOMAN CHARGES EFFORT WAS MADE TO FIX JURY

CHICAGO.—More scandal was added to the Lee O'Neil Browne legislative bribery case when an indictment was voted by the grand jury against John E. Maloy, 1501 Sixty-third street, proprietor of a grocery and market, on a charge of attempting to corrupt Oscar Morford, one of the jurors who tried Browne.

Maloy is accused of endeavoring to induce Morford's wife to urge him to vote for Browne's acquittal. Morford was one of the eight jurors who voted continuously to convict the state legislator. The indictment was voted upon testimony given by Mr. and Mrs. Morford and Thorough G. Morford, father of the juror.

LID ON DETROIT DESPITE THE ELKS

DETROIT, Mich., July 9.—Michigan has a new law entitled the Warner-Campston act. It has been rigidly enforced since its passage and on account of this, Police Commissioner Croul declared it will be rigidly enforced all during the Elks' reunion. In other words the lid will be on Sundays and after midnight. The 11 o'clock toast can be attended to all right but not a one after midnight.

HOT-WEATHER DIARRHEA

In the summer people of all ages are very subject to "running of the bowels." Germs get into the food or water, find their way into the intestines and keep irritating them so that there is a constant desire to have movement. It is very weakening, destroys appetite, disturbs sleep and produces an itchy feeling that many suppose to be piles. There are many "quick cures" for this aggravated form of dysentery, but they usually contain a narcotic, and that is dangerous. Others try salts and laxative waters, but they have no permanent effects. It takes a remedy with ingredients such as are combined in Dr. Caldwell's Syrup Pepsin to drive out the trouble-causing germs, to clean out the intestines, to strengthen the stomach and enliven the liver. Ordinary remedies cannot do this, but it is a well known fact that Dr. Caldwell's Syrup Pepsin does it. Thousands use it every summer for this very purpose. Go to your druggist today and buy a 50 cent or \$1.00 bottle and see what it will do for you. It is guaranteed to do what we claim or money refunded. It has enabled thousands of families to cure themselves of simple ailments. If you have never tried it send your address for a FREE SAMPLE BOTTLE to

AN IMMEDIATE NEED

If we may accept as accurate the statement of the expert who this week rendered a report concerning the condition of the city water plant, the situation is one that requires immediate remedy. There is no use shirking the truth, if it is the truth. The fact reported to us by one recognized as an authority is, in plain terms, that a grave peril menaces the community.

We are inclined to accept this portion of Mr. Goodwin's report at its face value. It is corroborated by the opinion of Leroy M. Bell, former city engineer at the pumping station. Mr. Bell is an expert in his line. His judgment is recognized as sound. He is not given to hysteria, but on the contrary is careful and conservative in all his dealings. Realizing the disadvantages of the alarmist method, he has refrained from public expressions of his opinion, but has long been convinced that the pressure at the pumping station is so inadequate as to imperil property depending upon the water works for fire protection.

In addition to this, we have the demonstration furnished during the sprinkling period, night and morning, daily. Where we used to get a throbbing stream, we now have a puny spray, and during those hours there are many localities in which the city water cannot be forced into second story baths.

It being conceded that this condition exists, the administration faces a serious problem. There is a popular prejudice against a filtering plant. Opinions differ as to whether a filter is necessary, as they do relative to the necessity for a settling basin, and indeed the advisability of using

the river as the source of a water supply at all is broadly questioned. This problem must be settled, and the prejudice must be overcome, for discerning citizens must agree that we do need something in the way of increased water supply, and need it badly.

The solution must be immediate—more immediate than is possible if we wait for the authorization and construction of a new plant. It is declared that the mains are sufficiently large to accommodate the necessary water supply, but that cannot be fully verified until we have the first essential, which is pressure, more pressure than our present plant can afford. We are overworking the pumps; we are straining our equipment. Some day it will give way, and if that should occur during this or another heated period, and a fire should break out, the resulting disaster might cost a dozen pumping stations.

What we must have, and have immediately, is another pump equal to the large one we have at present. We must have it in order to get more pressure without straining our machinery to the breaking point. It would be possible to select at this moment such a pump as we will want in a new pumping station if one is built. The only loss attending its purchase would be that of moving it from the old to the new plant. Given the greatest possible expedition, it will take at least two years to erect a new plant, and to leave the city in its present danger for that period would be a grave mistake. The Tribune does not believe in patchwork, and it is prepared to meet its share of the burden of installing a new water system that will meet requirements for the next fifty years, but pending the consummation of that plan it is positively convinced of the necessity of supplementing our present service to whatever extent may be necessary to afford reasonable fire protection.

AN ILLOGICAL CRITIC

The handwriting might fairly have given the impression that La Crosse had a lady champion of champion prize fighting, but the language is so vigorous and blunt as to remove that impression before the reader reaches the end of the first paragraph. We have reference to the following communication from "A Subscriber":

"In last night's issue of your paper you were railing against the Jeffries-Johnson fight, as something very brutal and degrading and in the same column and on the front page you were congratulating yourself that you were the first one to get the news here round after round of this brutal and degrading fight as you call it. Seems to me this is very inconsistent. If you think prize fighting is such a bad thing, why do you publish pictures, and dish up the minutest details about the fight and fighters for over six months to your subscribers. The newspapers are more the cause than anything else that the people are fight mad all over the country, but then I suppose you are looking for the almighty dollar the same as the fighters are. But one thing I cannot understand is, why you should knock it after devoting so much space to it and giving it so much publicity. If it is such a bad thing, why not keep it away from your readers instead of keying them up to the highest pitch of excitement by giving them the minutest details every day about it. The crowds in front of the bulletin boards here and all over the country show that the people are interested in these fights and I think will be as long as they have some rich red blood running through their veins, and as long as the people want fights let them have them, but let's not be a hypocrite."

"A SUBSCRIBER."

"If 'A Subscriber' were running a newspaper, and were obliged to pay the expense of running it out of its revenue, he would either become bankrupt in six months or do what every publisher must do—print the news, no matter what his attitude toward the subject matter. 'A Subscriber' evidently does not understand the difference that exists, or should exist, between the editorial and the news columns of a newspaper. The news columns should contain the news, and the reader is entitled to that news no matter what its character, providing it is fit to print. He is thus acquainted with the facts, and in a position to form his own conclusions and opinions. The editorial columns, on the other hand, are especially devoted to the purpose of expressing the opinions of the publishers. They are for comment upon the news published in the news columns."

"A Subscriber" will search the editorial columns of The Tribune in vain for any endorsement of prize

fight. He will find, upon examination of the files, repeated criticisms of this sort of amusement. The Tribune does not believe in prize fights, and in view of all the facts "A Subscriber's" charge of hypocrisy is neither justified nor generous. The Tribune was not in favor of the Swope murder. What would "A Subscriber" have said if, upon reading The Tribune, he had found no mention of it in the news columns? Was it hypocrisy for us to publish the news about that crime and trial simply because we thought the crime was wrong? Yet that is exactly what "A Subscriber" would have had us do in relation to the prize fight—either endorse the fight or else not publish a word about it. "A Subscriber", in complete ignorance of the rules and ethics governing newspaper publication, and without sensible analysis of the situation, has been so discourteous as to call The Tribune hypocritical. With equal frankness we express the opinion that "A Subscriber" is silly, so silly that we shall not be surprised if a "stop order" furnishes us evidence of the identity of a critic who seems to have lacked the courage to sign his communication.

OLD-TIME JOURNALISM

Written After Looking Over the Volume of the Milwaukee Courier for 1843.

By John Goadby Gregory
When imagination craves a fresh gyration,
Let your occupation be to search a file
Of an old newspaper, and your thoughts will caper
As you turn the pages and an hour beguile.

I have made some sorties back among the forties
Ah, a rigor mortis stiffened long ago
All the busy fingers whose achievement lingers
In those dusty, musty sheets of folio!

How the old reporters passed their dimes for quarters!
Then no rude exhorters shouted, "Boil it down!"
For events were fewer when the place was newer,
And the earliest browser had just "struck the town."

The poor drudge who ranges wide among exchanges,
And his work arranges with a dab of paste
And the proud reflection that a choice selection
Implies intelligence, enterprise and taste.

Must have kept so busy as to make him dizzy.
Very much, I wis, he would have enjoyed to view
His deft scissoration still in circulation,
On an endless journey, like the Wandering Jew.

Those old leader-writers! they were sturdy fighters,
And confirmed inditers of impassioned prose,
And at all times ready the state's helm to steady,
And to save the people from impending woes.

Then they were not able to print "News by Cable."
It was miserable with no telegraph,
When it seemed a far go from here to Chicago;
And their "Late Dispatches" make a modern laugh.

But the old newspapers were unswollen with vapors,
And their wildest capers look dis-

creet and wise
Beside the "Yellows" which some modern fellows
Are bold to flaunt before the public's eyes.

He wanted All to Be Honest
Mark Tully, state treasurer and candidate for re-election, was a traveling salesman for twenty-five years and has a fund of good stories of the road.

He tells that one time he was in a town in central Kansas where a protracted revival meeting was going on. One of the residents of the town was named Toby. He was a tall, gaunt man with long whiskers, and was very fond of imbibing whiskey, of which he frequently imbibed beyond his limit. His man was attending one of the meetings, and the revivalist was busy scoring every form of vice and calling down drastic condemnation upon them.

"Woe to the drunkard! Woe to the drunkard! Woe to the drunkard!" he shouted in doleful tones. Old Toby got on his feet and tugged at his whiskers, and the fact that he stuttered only made his interruption more marked: G g g guess th th th that's m m m! I I I I'm present."

The preacher went on. "Woe to the liars. Woe to the liars! Woe to the liars. Woe to the liars!" His voice was dolorous and sepulchral.

Again old Toby got to his feet. He motioned around the room, swinging and pointing with his arms and fingers.

"G g get up!" he commanded "G g get up! He's callin' on s s s some of you fellers. I've answered p p present. It's your turn now. S s stand up and be c c counted!"—Kansas City Journal.

On Guard
The young private had been posted as sentry on C squadron stables. But lo! when the sergeant of the guard came round on his visits he was nowhere to be seen. The sergeant was about to depart to make inquiries when there came a rustling noise from a heap of straw, and the sentry stood before him minus his boots, and looking very sleepy.

"Halloa!" cried the sergeant. "Here you are, eh? Where were you when I came round just now?" "Marchin' round," was the sentry's reply, given in tones of conscious virtue.

"Marchin' round, were you? Why, you've got your boots off!" "Yes, sergeant, I took 'em off so's I shouldn't wake the 'osses!"—Tit-Bits.

That's Different

"Ha! Ha!"
"What's the joke?"

CHAPTER XVI.
Her Fan.

It was dawn when they began to pull up the road to Dreiberg. The return had been leisurely despite Carmichael's impatience. In the military field the troops were breaking camp for their departure to the various posts throughout the duchy. Only the officers, who were to attend the court ball that evening, and the resident troops would remain. The maneuvers were over; the pomp of miniature war was done. Carmichael peered through the window. What a play yonder scene was to what he had been through! To break camp before dawn, before breakfast, rain and hail and snow smothering one; when the frost-bound iron of the musket caught one's fingers and tore the skin; the shriek of shot overhead, the boom of cannon and gulp of impact; cold, hungry, foot-sore, sleepy; here and there a comrade crumpling up strangely and lying still and white; the muddy ruts in the road; the whole world a dead gray like the face of death! What did those yonder know of war?

The carriage stopped.
"I shall not intrude, I trust?" said the old man, opening the door and getting in.

"Not now," replied Carmichael. "What is all this about?"

"A trifle; I might say a damn-fool trifle. But what did you mean when you said you knew all you wanted to know?" The mountaineer showed some anxiety.

"Exactly what I said. The only thing that confuses me is the motive."

The old man thought for a while. "Suppose you had a son who was making a fool of himself?"

"Or a nephew?"

"Well, or a nephew?"

"Making a fool of himself over what?"

"A woman."

"Nothing unusual in that. But what kind of a woman?"

"A good woman, honest, too good by far for any man."

"Oh!"

"Suppose she was vastly his inferior in station, that marriage to him was merely a political contract? What would you do?"

"I believe I begin to understand."

"I am grateful for that."

"But the risks you run!"

"I believed them all over last night."

"But you would dare handle him?"

"Yes, I would."

"You excellency?"

"Yes. I've been having a little junket, I and my friend here." And Carmichael winked.

"Ah!"

"But what—"

"Sh! Very important affair," said the disguised officer. "Go on."

But after the carriage had passed it occurred to him that Carmichael wore a dress like a vintner's and that his friend was a mountaineer! Du lieber Himmel! What kind of a mix-up was this? The chancellor never could have meant Carmichael!

"Thanks!" whispered the old man. "Did you see the soldier?"

"Yes."

"He is one of the police in disguise. Be on your guard. If you don't mind I'll use this carriage to the hotel."

"You are a thousand times welcome. I will leave you here. And take the advice of an old man who has seen the four sides of humanity; leave falling in love to poets and to fools!"

The mountaineer got out quickly, closed the door, spoke a word to the driver, and slipped into an alleyway.

Carmichael arrived at the Grand hotel in time to see her serene highness, accompanied by two of her ladies and an escort of four soldiers, start out for her morning ride. The zest of his own strange adventure died. He waited till they had passed and then slunk into the hotel. The concierge gazed at him in amazement. Carmichael winked. The concierge smiled. He understood. American or Ehrensteiner, the young fellows were all the same.

"Police at the gates," mused Carmichael, as he soaked his head and face in cold water. "By George, it looks as if my friend the vintner was in for some excitement! Far be it that I should warn him. He had his little joke; I can wait for mine!"

Gretchen! Carmichael stopped, his collar but half-way around his throat. Gretchen, brave, kindly, beautiful Gretchen! Now, by the Lord, that should not be! He would wring the vintner's neck. He snapped the collar viciously. He was not in an amiable mood this fair September morning. And when some one hammered on the door he called sharply.

Grumbach entered.

"You are angry about something," he said.

"So I am, but you are always welcome."

"You have overslept?"

"No, on the contrary."

"Poker?"

"After a fashion," said Carmichael, the grumble gone from his voice. "I was beaten by three of a kind."

"So?"

"But I found a good hand later."

"What?"

"Kings."

"Four?"

"Oh, no; only one. I haven't drawn yet."

"You are not telling me all."

"No. You are going to the ball tonight?"

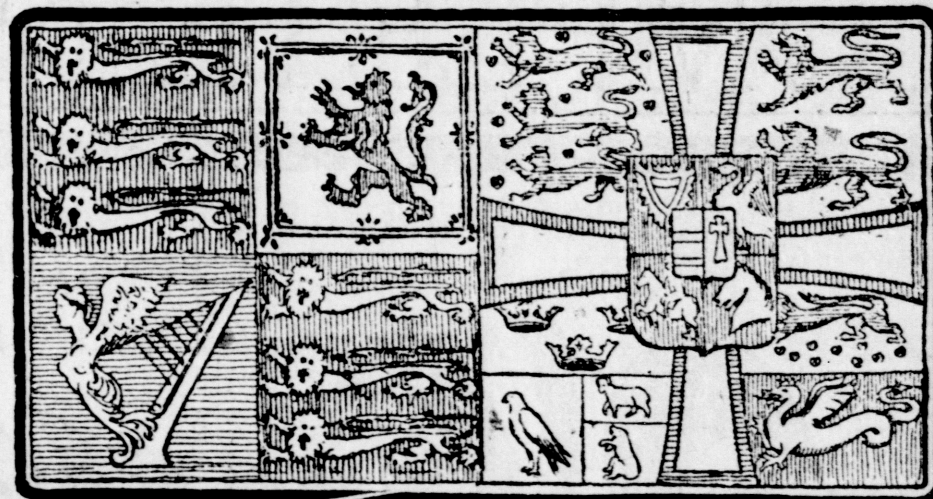

"I would not miss it for five thousand crowns," sadly.

"You look as if you were going to a funeral instead of the greatest event of the year in Dreiberg."

"I didn't sleep well either."

"Out?"

NEW FLAG HOISTED AT BUCKINGHAM PALACE

Queen Alexandra's flag hoisted at Buckingham palace for the first time today before her grandson was made prince of Wales, on his sixteenth birthday. The new flag consists of the British standard on the left and the Danish on the right. It is 24 feet long and 12 feet deep and will hereafter be known as Queen Alexandra's flag.

In this way?"

"When the devil drives, my friend!" The other smiled. "I was born in the heart of a war. I have taken so many risks that the sense of danger no longer has a keen edge. But now that you understand, I am sure a soldier like yourself will pardon the blunder of last night."

"Your nephew is an ungrateful wretch."

"What?"

"He knew all along who I was. I dragged him out of the Rhine upon a certain day, and he plays this trick!"

"You? Carmichael, Carmichael; of course; I should have remembered the name, as he wrote me at the time. Thank you! And you knew him all the while?"

"No. I recalled his face, but the time and place were in the dark till this early morning. Here we are at the gates. What's this? Guards? I never saw them at these gates before."

"You will make yourself known to them?"

"Yes. But if they question me?"

"Wink. Every soldier knows what that means."

"When a fellow turns in early in the morning?" Carmichael laughed hilariously.

"I ask you frankly not to let them question me. When I left the city last night I never expected to return."

"I'll do what I can."

Carmichael bared his head and leaned out of the window. He recognized one of the guards. A policeman in military uniform!

"Good morning!" said Carmichael. "Herr Carmichael?" surprised.

"Your excellency?"

"Yes. I've been having a little junket, I and my friend here." And Carmichael winked.

"Ah!"

The decision pending in the famous Flour Bleaching case gives the WINGOLD mill but small and indirect concern; the creamy-white color, dryness and rich, nutty flavor of WINGOLD are imparted to it in nature's own way—nothing artificial or chemical—aging being the agent used. Large warehouse capacity gives the WINGOLD mill this advantage.

THE TELEPHONE IDEA

"One Policy, One System, Universal Service" is the Bell Motto, and the Motto of the Wisconsin Telephone Company.

The public today demands time saving assistance. The busy man works under high pressure during the busy hours of the business day. He utilizes every device for economizing his time and increasing his efficiency.

The Bell telephone is his greatest helper. Bell service reaches to every part of the continent. Whether he needs to talk to his home, a few blocks away, or to his business associate, 1,000 miles away, the Bell System furnishes him the means of reaching both, with equal facility. The busy man finds the Bell telephone on the fast limited train. He finds the Bell telephone in his room at the hotel. Again, he has within reach of his voice his home or his office, no matter how far distant.

The uses of the telephone are constantly expanding. Many railways are now dispatching their trains by telephone instead of by telegraph. Its use is becoming universal, and the more nearly that measure of use is approached, the more apparent is its superiority and the greater the necessity for one comprehensive, nation-wide system.

This is the Bell idea—"One policy, one system, universal service."

The Wisconsin Telephone Company is a part of the Bell System.—Telephone Talk S 13.

COUNCIL VOTES FOR REFERENDUM

Continued from Page 2)

on streets and alleys.

A petition for a new street lamp on the corner of Thirteenth and Jackson streets, was referred to the committee on lights.

Poles Ordered Removed

The mayor read a communication from the general manager of the Wisconsin Telephone company stating that the company cannot comply with the request of the city to remove its poles on the Mormon Coulee road, owing to the expense, claiming the conditions do not warrant the construction of the wires underground. Upon motion of Alderman Rose the board of public works was instructed to notify the company to remove the poles in question within sixty days or the same will be removed by the board.

Circus License Reduced

The ordinance providing for the reduction of circus licenses from \$200 to \$100 for 50 cent shows and from \$100 to \$50 for 25 cent shows, was adopted by a vote of 11 to 8. The ordinance committee presented the ordinance for its third reading without recommendation.

Picnic Date Fixed

Alderman Collins reported that the special picnic committee has decided upon Thursday July 28, as the date of the annual outing of the city officials.

Sidewalks were ordered laid on the Mormon Coulee road from the end of the present walk to Horton street and also on the east sides of Franklin school and also the east side of Webster school.

The board of public works was instructed to prepare plans and specifications for grading Charles street from the railroad tracks to Island street.

The matter of prohibiting the use of roller skates on the sidewalks of the city was indefinitely postponed.

The resolution providing for the improvement of the causeway was not adopted.

The garbage collectors presented a petition for an increase of \$10 per month in their wages, which was referred to the committee on health.

DOLLY KNEEBES CARNIVAL QUEEN

Popular North Side Young Woman Victorious in the Voting Contest; 1891 Votes

The judges in the voting contest which has been in progress during the week, this morning announced that Miss Dolly Kneebes was the winner of the diamond ring which will be awarded to the queen of the carnival this evening. The final official standings announced this morning are: Dolly Kneebes 1891, Hilda Brown 1286 and Minnie Whitteberg 702.

The queen will be crowned with appropriate ceremonies at the carnival this evening at which time she will be given the diamond ring.

Tonight is the last night of the carnival which has been the attraction of the week. Last night another large crowd visited on the streets and tonight's crowd is expected to be one of the largest of the week. The officers of the association feel that the week has been a success in every way.

TRAIN RUNS INTO ENGINE AT "Y"

Passenger No. 4 From the North Collides with Locomotive About 12:45 O'Clock; No One Hurt

But for the slow rate of speed at which passenger train No. 4 on the Milwaukee road, due here at 12:45 a. m., from the north was running over the "Y" between the north and the south sides, a serious wreck might have occurred when the locomotive collided with an engine returning to the round house. A mistake in giving the signals is said to be the cause of the accident. No one was injured but the locomotives were slightly damaged.

Passenger train No. 4 was in charge of Engineer Cavanaugh and Conductor Langdon. It is alleged that the new dispatcher who was working last night gave the signal for the locomotive from train No. 56 which arrives here shortly after 11 o'clock, the right of way to the round house, instead of the usual signal for the incoming passenger train from the north. The two engines struck in the dark where the wye track joins the main passenger track. The locomotives were afterward taken to the round house where the minor damages were repaired.

WOMEN ACCOSTED BY STRANGE MAN

Mrs. Benjamin and Maybelle of Carnival Show Thought They were Being Held Up

The story which was circulated freely on the north side this morning to the effect that two women had been held up and robbed on Rosa street about 11 o'clock, was denied this morning by the police department. Investigation shows that Mrs. Benjamin and Maybelle, who does the Cleopatra dance with the Cosmopolitan Carnival company, had been accosted by a strange man at Rosa and St. James streets about 11 o'clock last night who suddenly disappeared into the yard of Otto Granke, running into the alley behind the residence. It is alleged by the two women that the stranger slapped one of them on the back and then hit her on the head and disappeared. The police were called but no description of the man could be secured from the frightened women and no one was apprehended on the charge. The police are unable to give

any cause for the man's actions. It was reported this morning that the man had secured one of the women's purses with a considerable amount of money in it, but this was later denied by the police.

SERIOUS FIRE ON NO RTH SIDE TODAY

Fire starting from a gasoline stove belonging to John Fairbanks 1326 Rose street, about 8:45 o'clock this morning destroyed the greater part of the second story of the residence. The damage will amount to several hundred dollars. The first floor of the residence which is occupied by William Wooden, was slightly damaged by water. Fire department No. 4 responded to the alarm this morning and after an hour's work had the blaze extinguished.

BRASS BAND FOR MOTORBOAT PICNIC

Boat Load of Kreutz-Andre
Musicians will Be
Taken to Fern-
dale the 17th

Arrangements were completed last evening by committees of the La Crosse Motorboat club to take the Kreutz-Andre band on the family picnic to be given by the club at John P. Salzer's Ferndale July 17th. The band will assemble at their hall at 9 o'clock in the morning and march to the levee, where they will embark in the Bell-Singer launch to participate in the parade. Music will be furnished at Ferndale during the day, the band returning in the evening with the picnicers.

Plans for the picnic are progressing rapidly and the complete program will be contained in the first issue of "The Open Exhaust," the club's new monthly magazine, the first issue of which will be published next Tuesday. It is believed from present indications that practically every boat in the city will participate with a boat load of friends of the owner.

MAC'S LUCK

The Young Woman Reporter's Story

The following food tale written by a clever young newspaper woman is a true story that came under her personal observation:

"I have been with the (a paper in a Calif. town) for nine years and Mac has been with us all that time and I do not know how much longer.

"Last winter and the winter before Mac, probably from constant night work and improper food, got badly run down, could not eat much, what little he did eat did not do him much good and he always complained he could not keep warm.

"I missed him for awhile until yesterday I overtook him on the street going toward the office, and hardly knew the man; had it not been for the familiar walk I should surely have passed without recognizing him. He was stout, his face was round and ruddy and his eyes bright as I had never seen them before.

"I said, 'Mac, I hardly knew you, what on earth have you been doing to get so fat?' He replied, 'Grape-Nuts, nothing else. I started in on Grape-Nuts food three months ago when I weighed 126 and was feeling miserable, but now I weigh 160 and feel better than I ever felt in my life. I quit my old diet and went on Grape-Nuts and that's the whole story.'

"Exercise is necessary but there's no nourishment in it and proper food alone can supply that. Grape-Nuts for 10 days is a pleasant trial and proves big things.

"There's a Reason."

A PRETTY RECEPTION

Yesterday afternoon Mrs. Daniel G. MacMillan entertained her friends at a delightful reception. Receiving with the hostess was her mother-in-law, Mrs. George MacMillan. Electric fans made the rooms delightfully cool and comfortable in spite of the large number present. Beautiful flowers artistically arranged in fancy rustic and Japanese baskets made the rooms pretty and attractive. Nasturtiums, daisies, red geraniums and carnations made effective decorations. In the dining room was a Japanese basket with red carnations and asparagus ferns, making a pretty center piece.

Mrs. W. G. Moss had charge of the dining room. Mrs. William Hellach and Mrs. W. F. Wolfe served at the table and were assisted by Mrs. E. M. Wing and Mrs. Frank Funke. Mrs. E. J. Evans served the punch, assisted by the Misses Ellen Hankerson and Harriet Scofield, and very busy the young ladies were kept supplying the guests with the cool and delicious beverage.

Mrs. F. C. Suiter and Mrs. Donaldson, assisted in piloting the guests to the refreshment room and cheering them with pleasant words and sweet smiles as they waited their turn to enter the dining room. Every one present enjoyed the charming affair.

Mrs. MacMillan entertained the ladies who assisted yesterday afternoon at bridge. Three tables were played.

DELIGHTFUL DANCE

Last evening Mr. and Mrs. Ellis B. Usher entertained at a dance at the Country club in honor of their daughter, Miss Dorothy Usher, and her guest, Miss Katherine Perry, of Reedsburg, Wis. The evening was delightfully cool and pleasant. Kreutz's orchestra furnished the music which was par excellence. Everything conspired to make it a charming affair, which the young people fully appreciated. There were about forty present. Punch, ice cream and cake were served between dances. Among the older people present were Mr. and Mrs. S. W. Anderson and Mr. and Mrs. James Hagan.

RECEPTION FOR PASTOR

The Ladies' Aid Society of the English Lutheran church tendered a reception to Rev. W. P. Christy and wife, on Friday evening. The reception was held in the church parlors and was largely attended by members of the congregation. Light refreshments were served and a social good time had by all present.

NOTED SINGER HERE

Mrs. Edward Cordell, 1551 Avon street, has as her guest Mrs. Helen Ball of Dallas, Texas. She sings in the Hebrew Temple Emmanuel and in the Episcopal Cathedral and her concert work keeps her very busy. Mrs.

BLITZ AND BLATZ

Blatz—Blitz, I notify with pleasure that you are once more recovered. You look perfectly rational again, and the picture of healthfulness.

Blitz—Of course. I followed your advising, consulted our house doctor, had the prescriptions prepared by your favorite druggist, Beyschlag on 503 Main street, and here I am as good as new.

Blatz—You see the reason I like Beyschlag's drug store is, because he makes the preparing of prescriptions his principal business. He made now over 186,100 prescriptions for the people here. His stock of drugs and medicines is very complete, and that large number of prescriptions gives him the "know how."

Blitz—Correct you are. I was so well pleased with the appearance of his drug store, and the way he put up my prescriptions, that from henceforth he will have all my patronizing also. Come let's have something, Blatz!

Bell was formerly Miss Hall and as such will be well remembered and welcomed home.

NOTION SHOWER

The notion shower given by the Young Ladies' Missionary society of the First Baptist church at the parsonage was a decided success. Forty young ladies and girls were present. Handkerchiefs, thread, darning cotton, needles, hooks and eyes, tape, buttons and pins were brought in plenty. The evening was spent in games and a short program was rendered as follows: Reading, "Aunt Hiddy Joardan," by Miss Ruth Boynton; recitation, by Miss Helen Major; song, by Miss Marie Novak; recitation, "The Social at the Parson's House," Miss Irene Moore; recitation, "My First Appearance in Public," Miss Helen Peterson.

The shower was given for the six Wisconsin missionaries who will go to foreign fields in September. They are Mrs. Rosina Price, Mrs. Eva Price and Miss Grace Price, all of Beaver Dam; Miss Sutherland of Waukon. Miss Emma Kose of Milwaukee and Miss Cecelia Johnson of Rhineland. The Baptist women of Wisconsin have furnished the complete outfit for Miss Johnson. The women of the La Crosse Valley association took as their part the bedstead, springs, mattress and pillows. These were shipped by them to Rangoon, Burma, last Saturday.

SOCIAL BRIEFS

Mr. and Mrs. Charles Linker left this noon for New York, where they will sail Thursday, July 14, on the steamer George Washington for Europe to be gone several months. During their tour they will visit England, France, Germany and Switzerland. They will also see the Passion play at Oberammergau. Mrs. Linker saw the play in 1900 when she attended the Paris world's exposition. During the trip Mr. and Mrs. Linker will visit most of the lace and embroidery factories as well as piece goods manufacturers of the British Isles and the continent. They will be accompanied on their travels by a young lady of Chicago. If Mrs. Linker lands safely in this country upon her return voyage it will complete her fiftieth trip across the Atlantic.

Mrs. Louis Kuehn and children of Milwaukee are guests of Mrs. Kuehn's parents Mr. and Mrs. G. B. Rose, on Monday the families of Mr. Rose, Mrs. Kuehn and children and Mr. and Mrs. Gus Rose will go up to the Rose cottage where they will spend a week.

Donald McDonald left yesterday for Marquette, Mich., where he will stage one of his popular plays.

Mrs. E. H. Colman and family have gone to Omena, Mich., for a several weeks' stay.

Mr. and Mrs. R. C. Marshall have returned to Galena where they will make their home. Miss Luella Marshall will remain in town for a while longer and will be the guest of Mrs. T. H. Ives.

Mrs. Elias Chandler and daughter Ethel of Minneapolis, are visiting Mrs. Chandler's sisters, Mrs. Lottie Bauer and Miss Josephine Koenig.

SPECIAL MUSIC AT KING STREET CHURCH

Special music will be given Sunday both morning and evening at the First M. E. church, corner of Eighth and King streets. The choir composed of Miss Bertha Schreiter, soprano; E. J. Best, tenor; James R. Kerr, bass; Mrs. Kerr, alto, and assisted by Miss Eva Baranhill, violinist, will give the following program, Lyle Gorton at the organ:

NEW BUSINESS ESTABLISHED HERE

Another firm which will add prestige to La Crosse's business world has made its debut in this city and is located in the McMillan Building, Engleton Colson Company, representing the French Land and Irrigation company, of French New Mexico, have established offices and are offering for sale irrigated land. The French Land and Irrigation company is a concern which has a tract of 124,000 acres in the Antelope valley, in the state of New Mexico, and is capitalized at \$500,000 those interested in the project of irrigation are invited to call and visit, and literature and information will be cheerfully given. When one thinks of the golden opportunities that are possible where there is plenty of the life giving fluid, water, and where the man that raises the crops need not depend on the rain, but just

touch a spring, raise a door and there is an everlasting flow, these are things that the new company will tell you all about, and in a little booklet that is given free of charge it explains in full all about irrigation.

**SUFFRAGETTES BUSY
IN COLORADO NOW**

DENVER, Colo., July 9.—The hammers are swinging in Colorado as the suffragettes of the state, and the object of the winging being Dr. Z. X. Snyder, of the Colorado Normal school, the reason is that the doctor dared to make the race for the presidency of the National Educational Association against a woman, Mrs. Ella Hagg Young, superintendent of the Chicago public schools. The woman egard the humiliation of Jim Jeffries' supporters as tame at the side of their humiliation over the fact that Dr. Snyder consented to butt a.
Mrs. Helen Grenfell, former superintendent of public instruction in Colorado, and one of the foremost suffragettes in the state, expressed her general sentiment when she said: "I don't see how Dr. Snyder could do such a thing. This was the first time a woman has ever asked anything from the N. A. E. and I think that a Colorado man, above all others, would oppose her. It is burning shame."

ELKS IN DETROIT
DETROIT, Mich., July 9.—The 910 reunion of the B. P. O. E. to be held here all next week practically got under way today with the arrival of delegates from all parts of the country. It is estimated that by tonight there will be 6,000 visiting Elks in the city.

**HUNGRY FOREST
FIRES THREATEN**

Lives Are Reported Lost, and Many Villages in Northern Section Are Endangered

HOLCOMBE VILLAGE IS SAVED

Other Wisconsin Property Close to Path of Flames Is Close to Destruction

DULUTH, Minn., July 9.—It is feared that three lives were lost in a fire that threatened to destroy the small town of Duquette a few miles south of Mankato, on the Great Northern railroad. The town was saved from destruction by the united efforts of the citizens and firemen from Duluth.
When the Duluth fire fighters left the scene a woman and two children had not been located. Their home, on the outskirts of the town was razed by the fire and no trace had been found of them.
Disastrous fires are reported in various parts of Pine county and as far north as the Rainy Lake district extending into the Canadian country.

Holcombe Village Saved
CHIPPEWA FALLS, Wis., July 9.—The village of Holcombe was saved yesterday from forest fires only by the heroic work of almost every inhabitant.
Forest fires have been spreading in the vicinity of Holcombe for a month. High southwest winds drove the fire into the village limits and for a time greatly endangered the town. Water was hauled from the Chippewa river in barrels to stay the flames.
Pierce forest fires are raging along the Flambeau river in southern Rusk county.
Above Holcombe it is impossible to estimate the losses which are great, to standing timber.
Forest fires are reported everywhere all over Chippewa county.
For a time the state home for the feeble minded, in Paint Creek bottoms, was in danger, but the attendants at the home fought the fire back.

The east portion of Taylor county reports big forest fires. The villages of Gilman, Polley, Ruby, Arnold and Hannibal are all fighting fires and trying to save their sawmills. Millions of dollars have been lost in cord wood, logs and standing timber.
Wanted—To furnish your home on the installment plan. A little down and terms to suit by the month. Nelson Carpet Co.

**NOTHING BRUTAL
IN FIGHT FILMS**

CHICAGO, July 9.—Officials of the Chicago police department today viewed the moving pictures of the Jeffries-Johnson fight and expressed personal opinions that there was nothing brutal about the exhibition although they refused to say whether they would or would not advise Chief of Police Steward to bar them from Chicago. It is generally believed the pictures will be shown here.
The pictures were shown at a local theater for the benefit of Assistant Chief of Police Schuetzler, and Sergeant Charles O'Donnell, official moving picture censor of the police department. Both said they believed the moving pictures showed only a boxing match in the accepted sense of the term. Only the pictures of the actual fighting were shown and it took one hour and fifteen minutes to run off the films. With the preliminary films the show will occupy about two hours and ten minutes.

**EDWARD CALVIN
IS DISCHARGED**

Edward Calvin, an employee at the North side carnival, who was arrested on complaint of Kelley Mitsunari, charged with stealing \$5, was again taken into county court this morning, but in view of the fact that the complaining witness failed to put in an appearance, the defendant was discharged.
It was alleged by the complainant that Calvin stole the \$5 from his satchel while he (Mitsunari) was one of the local hospitalists. Calvin spent considerable money on the North side the day the money was stolen, but he claimed that the manager of the carnival company gave him \$5 that morning which was given by the manager, who said he gave him a dollar last Saturday and nothing since.

**MUST KEEP GATE
OPEN FOR NEIGHBOR**

An interesting case was tried before Judge Higbee this morning in which August Baier was the plaintiff and Martin Jackiniak the defendant. The latter, it was alleged, refused to allow the plaintiff to pass through a gate leading to his farm, and there being no other road, Baier was unable to go to and from his place. The court rendered judgment for the plaintiff and hereafter the defendant must open the gate to allow the plaintiff to pass.

**MAMIE GILBERT
SEEKS DIVORCE**

Woman who Married Reformed Hobo Seven Months Ago Now Wants Separation

After a courtship lasting only two weeks and a married life of about seven or eight months, Mamie D. Gilbert is seeking to get a divorce from Charles L. Gilbert on the grounds of cruel and inhuman treatment. The case came up before Judge Higbee in circuit court this morning, but after listening to the evidence the court took the case under advisement.
Gilbert came here as a hobo last fall and made his headquarters at the City Mission. He soon took an interest in the work, at least he attended the meetings and took an active part in the services, and it was generally supposed he was a reformed tramp. It was during this time that he met the plaintiff and two weeks after the couple became acquainted they were united in marriage.
Not long after the marriage however, Gilbert began to abuse his wife and on January 14 he was arrested on complaint of his wife, charged with threatening to kill her and Judge Brindley found him guilty and sentenced him to the county jail for sixty days for failure to give bonds to keep the peace.
On April 16 Gilbert was again arrested on complaint of his wife charged with threatening the life of his wife. At that time the court placed him under \$500 bonds to keep the peace for six months and was released on his own recognizance.

**WHEAT TAKES A
TRIP SKYWARD**

Prices Advance Rapidly Under Report, but Rain Forecasts Reduce Them

CHICAGO, July 9.—Wheat prices started skyward with a rush at the opening of the market today as a result of the government report of yesterday, showing that the spring wheat crop will be alarming short. July wheat opened \$1.06 1/2, which is 3 1/2 cents above yesterday's close. September opened at \$1.05, 3 1/4 cents above the close and December advanced 3 1/2, opening at \$1.06.

Excitement in the wheat pit was increased during the first hour's trading by reports from North Dakota that the grain showed signs of shrinking and that it was deteriorating.

The shorts ran to cover and the longs took handsome profits, resulting in fractional declines. July wheat was off a point at ten o'clock, but had regained a half point half an hour later.
Corn opened higher, but there was a large quantity of it for sale, the big longs evidently trying to unload part of their holdings under cover of the wheat excitement.
Reports of rains in the wheat belt last night and the forecast for more rain led to the belief that the loss would not be so great as the government report indicated and resulted in a slight decline from the opening prices, when the market closed at noon.

NORFOLK, Va., July 9.—It was reported at the navy yard today that \$6,500 has disappeared from the safe of the receiving ship Franklin. The money was taken last night, according to the report, and no trace of the thief has been discovered. Paymaster Hilton, who was on leave of absence, has been recalled to aid in fixing the responsibility, and the marines who have been on guard in the office have been detained for questioning.
At the office of the commandant, all information regarding the matter was refused.

**"DRY" DETECTIVE
LYNCHED IN OHIO**

Rioting Mob Takes Young Man who Shot Townsman From Jail and Hangs Him in Street

ORDER FOR TROOPS RECALLED

Militiamen of Ohio Blame Sheriff for Terrible Night's Work at Newark

NEWARK, Ohio, July 9.—Appalled by the sight of its night's work in the clear vision of July sunlight, the mob of Newark townspeople that made the night hideous with the siege of the jail and the lynching of Carl Etherington, "dry" detective, today wilted away and the town is wrapped in a gloomy silence.
When the rioting was at its height, with the leaders dragging Etherington from his cell in the jail to be strung up to a nearby telegraph pole, Sheriff Link hurriedly telephoned Columbus for state troops.

Adj. Gen. Weybright and Lieut. Ben Chamberlain reached here early today and countermanded the order for troops, when they saw the revolution of feeling.
The streets are practically deserted today. In little groups the townspeople gather in out of the way places and talk beneath their breaths of the work of the night. The authorities are working to arrest the leaders of the mob. Sheriff Link is blamed by the state officials, particularly, Adj. Gen. Weybright, for allowing the mob to gain the upper hand. Weybright says Link should have called for troops hours before he did.

"The lynching could easily have been prevented," he said today. "The fact that the mob worked at the jail for two hours tells the story of negligence. If troops had been called for when they should have been the state of Ohio would not be disgraced today."
Arrangements were made today to prepare the body of young Etherington for burial and ship it to his mother. This accords with the dying request of the detective as he stood with the noose about his neck.
Two hours before he was hanged young Etherington talked to a United Press representative in his cell in the Licking county jail.

Didn't Know Mission
Etherington, who was but 22 years old, had all the appearance of an overgrown farmer boy. "I did not know what I was coming down here for," he said. "I was employed by an agency in Cleveland April 7, as a strikebreaker and sent to Columbus. Friday a bunch of us was sent to Newark and I did not know until I got here what I was going to do. I shot that man in self defense." Etherington said, speaking of the killing of Wm. Howard, who the mob revenged.

Etherington said he was formerly in the United States marine corps, that he had been in Panama, and was recently employed by a Pittsburgh strikebreaking agency. He has a mother and two sisters living in Williamsburg, near Harrisburg, Ky. He was getting \$3 a day and expenses from the detective agency.
**BOSTON TO RETAIN
MANAGER F. LAKE**
PITTSBURG, Pa., July 9.—Fred Lake is not to be ousted as manager of the Boston Nationals, according to John H. Harris of Pittsburgh, vice president of the Boston club. He also declared that there was no friction between Lake and President Dovey. According to Vice President Harris, Herzog who is reported to be anxious for Lake's job, has caused the club considerable trouble this season and he was recently benched by President Dovey with the permission of Manager Lake.
President Dovey comes here to confer with Vice President Harris, but the conference relates only to the team and not to Lake.

**CORPORATION TAX
RECEIPTS \$900,000**

WASHINGTON, D. C. July 9.—Corporation tax receipts reported in the treasury statement amount to \$900,000. The total collected to date is \$24,000,000, and it is expected that the grand total will be over \$26,000,000. The penalty of 5 per cent for non-payment will attach automatically to the amount of the corporation taxes unpaid, and the delinquents also will be required to pay an interest charge of 1 per cent the month.

F. R. A. INITIATES

Last Thursday evening at the K. P. Hall a large class of young people assembled for the purpose of facing the goat that had been tamed by the warm weather to the extent that he backed away in a corner without a sign of any gymnastic abilities so that the short form of initiation was used and the business session cut short so as to give more time to the social features. The hall being nicely cooled by electric fans did much to work making it pleasant. Ice cold lemonade was served to all present and the refreshment counter was nicely decorated with palms and ferns which gave a pleasing effect to the scene. The hall was crowded with members and friends of the new candidates and after congratulations had been extended to the new members all enjoyed the dancing party that was given till 12 o'clock. It was decided to hold the next F. R. A. picnic at Pettibone park July 28th.

**POROUS PLASTER

Col. Slupsky Returns from Reno with \$3,000 Under Plasters on Chest; Only Safe Way

ST. LOUIS, Mo., July 9.—Col. Abe Slupsky, a well known local character, returning home from Reno, tenderly moistened two porous plasters tightly stuck on his chest. From under them he took \$3,000 in yellow backs and declared: "It was the only safe way to carry money in Reno, I believe. I would 'a' stuck it on my back but there was not anybody I could trust to do it for me. The only way those 'dips' out there could have gotten my money was to skin me."

Slupsky says there was the greatest collection of "dips" he ever saw in Reno. When they touched a man with a cheap watch they threw it in the gutter.
"I didn't sleep two hours in Reno," said Slupsky. "I knew my roll was stuck on but I didn't feel safe. In the morning I would take out a two dollar bill for grub every day and when I wanted to eat I went out to some farmer. No one went into a restaurant in Reno and came out with his roll."

Fondling his \$3,000 and the plaster Slupsky said: "This is Guggenheim money. We made the bet in Lawler's pool room and I put up \$1800 to win it." Slupsky says Johnson did not win the fight because he was so good, but because Jeffries was so rotten. "The only attractive thing about Jeffries was the moss on his chest," is the way Abe sums it up.

Arthur Campfield Pleads Guilty to Charge of Robbing Stranger of \$50

Pleading guilty to a charge of stealing \$50 from Martin Knuteson while the latter was in his room at the Metis house on North Second street, Arthur Campfield was today sentenced to state's prison at Wau-pun for nine months.

Campfield when first arrested, denied that he knew anything about the case, saying he had just arrived in the city. This morning, however, he admitted that he stole the money and took the police to the north side and pointed out the spot where he hid the pocketbook which still contained some valuable papers belonging to Knuteson.
According to Campfield's own story he walked into Knuteson's room in the morning and asked him for the use of his comb. Knuteson was still in bed and reaching under his pillow, he pulled out his vest, containing his pocketbook in which he had his money. Knuteson then got up and while washing himself at the other end of the room, Campfield left and a few moments later the pocketbook was missing. Campfield was later arrested by the police on the north side.

CHICAGO, July 9.—"If Jeffries is sincere and the proper inducements are offered, I will be glad to meet him in a return match now or any time in the future," declared Jack Johnson, when he was notified by the United Press this afternoon that the "California Grizzly" had announced his desire for another try for the championship.
"But I do not think he is sincere. I think Berger and that man Frazer are trying to frame him up for that world tour they planned when they thought he was going to regain the championship. Frazer had spent several thousand dollars preparing for the tour and he does not want to lose it."

FIGHTS ODD WILL**

Says Husband, who Left a Fortune to Boy Under Impossible Restrictions was Crazy

BOY MAY NEVER GET MONEY

His Mother Says He Is Too Sickly to Follow the Strenuous Course Mapped Out

CHICAGO, July 9.—Robert St. George Dyrenforth, aged 12, who is left a fortune of \$250,000 in a strange will made by his grandfather, Col. Dyrenforth of Washington, D. C., providing he takes a strenuous educational course mapped out by his benefactor and obeys an injunction to "beware of women," will not lose the money because some of the requirements are impossible of execution. William H. Dyrenforth, an uncle with whom the boy is living here and one of the executors of the estate, declared today that no youth however bright, could attain all of the schools named in the will within the required time and pointed out that the will would not be violated as long as Robert earnestly endeavored to fulfill as many of the requirements as possible.

WASHINGTON, D. C., July 9.—"That boy is not able to carry out the provisions of the will. He is too delicate and my husband knew it. I shall demand my share," said Mrs. Jennie Dyrenforth today in announcing that she will try to break the freak will of Col. Robert G. Dyrenforth which provided that his foster son, Robert St. George Dyrenforth, would have to escape the wiles of women as well as setting forth a complicated plan for the boy's future. She was living apart from Col. Dyrenforth and kept a boarding house.

"I can only excuse the peculiar provisions of the will on the theory that my husband was mentally unbalanced as the result of long illness," continued Mrs. Dyrenforth.

"We have been separated since 1901 but not divorced and I am fully entitled to my share of his estate. The lad is nearly twelve years old now and is sickly. It is absurd to talk of his going through Harvard, high school, Oxford and West Point and practicing law, as the will provides."

Mrs. Dyrenforth declined to discuss the bitter attack upon the "unfortunate sex" made by her husband in his will, one of the provisions of which was that his son should never associate with her. The lad is a grandson of the Dyrenforths. His father, P. J. McGrath, an army surgeon, died two years ago, and Col. Dyrenforth legally adopted the boy, who is now with Mrs. Dyrenforth in Chicago.

Mrs. Dyrenforth has retained counsel. Mrs. Dyrenforth is a Roman Catholic and the provision that the boy must be an Episcopalian is especially objectionable to her.

Ed Ford announced that Mr. Zeisler election to the assembly in the secret nomination.

E. J. Kneen of Bangor announced that he is a candidate for reelection to the assembly in the second district.

Candidates for other offices were suggested as follows:
State Senator—John C. Burns, Mayor O. J. Sorensen, B. F. Keeler. Sheriff—C. J. Burns, Michael McHugh, Henry Schroeder.

County Clerk—George Ritter. County Treasurer—William Luening, William Garbers. Register of Deeds—Ben Shove of Onalaska.

Clerk of the Court—Don C. Lewis, Julius Kircheis. District Attorney—A. H. Schubert. Coroner—H. Langstadt. County Surveyor—Charles M. Jarvis.

Paul W. Mahoney who had been sent for announced that he would not become a candidate for congress. J. L. Utermoehl was mentioned for the office but he said it was out of the question for him to become a candidate.

A. C. Wolfe suggested the name of Ray B. Graves of Sparta as a candidate for congress for the consideration of the committee.

**JOHNSON WILL
SMILE ON CORBETT**

CHICAGO, July 9.—At 3:30 this afternoon Chicago will have seen the last of Jack Johnson, the negro champion, for a month or more. Johnson leaves today for New York to play a week at Hammerstein's theatre. From there he will go to Atlantic Beach for three weeks. Mrs. Johnson, Sig Hart and Mrs. Hart will accompany him.
Johnson spent this morning looking after the crating of his racing car, which he will take east with him. Members of Johnson's family scout the idea that there will be trouble if Johnson meets Corbett on the train tonight, both going eastward.

"Jack has forgotten Corbett's animosity to him and will treat him as he would any other man he met," said Mrs. Tiny Johnson, mother of the fighter, today.

If Red Wing Drops Out the League May Have to Be Cut to Six Clubs to Finish the Year

At a meeting tonight the directors of the Red Wing baseball association it will be decided whether the team is to continue in the "Minn" league, or will disband for lack of financial support. President Elliott has urged the directors to maintain the team for a time longer to endeavor to rekindle enthusiasm there, but the likely prospect is that the directors at Red Wing will give up the Ghost.

In this event it probably will be necessary to drop one of the other towns of the league and return to the six club schedule to finish the season. It is not known which town would follow Red Wing, and this would have to be decided at a meeting of the league directors which President Elliott says he will call for the middle of next week.

Committee on Sewers.

Resolved, by the mayor and common council of the city of La Crosse, that the petition of Frank Kerpen for a refund of personal property taxes on two hundred dollars (\$200.00) worth of property, which he paid and which he claims to be the property of Mr. A. D. Strauss, beg leave to report that we have had this matter under consideration and find that this tax was paid voluntarily by him, be not granted.

Alderman Smith offered the following report and resolution which were unanimously adopted on call of the roll: Ayes 19, nays none.

La Crosse, Wis., June 10, 1910.
To the Honorable Mayor and Common Council of the City of La Crosse:

Gentlemen: Your committee on sewers to whom was referred the communication of Mary L. Conklin asking for a refund of eight and 35-100 dollars paid for sewer assessment under protest, beg leave to report that we have had this matter under consideration and find that the petitioner sent a check to the city treasurer for the amount of her sewer tax, and that she was returned, she afterwards sent a check to Olaf Swennes, the contractor for said sewer and it was likewise returned. The assessment finally was placed on the tax roll and paid under protest after the property was advertised for sale for taxes.

Your committee is of the opinion that this practice of holding sewer certificates and charging interest upon the same should cease, and we therefore recommend that the prayer of the petitioner for the payment of eight and 35-100 dollars be granted, and to that end offer the following resolution.

B. C. SMITH,
WM. COLLINS,
Committee on Sewers.

Resolved, by the mayor and common council of the city of La Crosse, that an order for the sum of eight and 35-100 dollars be drawn on the city treasurer in favor of Mary L. Conklin, for overcharge upon the sewer assessment in the year 1908, on her property between Seventh and Eighth streets on Cameron avenue.

Alderman Smith offered the following report and resolution which were adopted by viva voce vote.

La Crosse, Wis., June 10, 1910.
To the Honorable Mayor and Common Council of the City of La Crosse:

Gentlemen: Your committee on sewers and judiciary, to whom was referred a communication from Wm. Buchner, relating to a sewer

tax upon Mill street amounting to three hundred and forty-two and 53-100 dollars (\$342.52), which tax is assessed against lots which can not be provided with sewer drainage, beg leave to report that we have had this matter under consideration and your committee find that a peculiar condition exists in relation to the lots in question. A sidewalk was laid some 18 or 20 feet out from the lot line and the street has been filled by the lot owners to a considerable extent. Your committee is of the opinion that before acting upon this petition, the city engineer should stake out the line of the street and indicate where the sidewalk should properly be placed and report to the common council whether or not it would be feasible and proper to order the sidewalk placed upon said lot line, and your committee would recommend that the prayer of the petitioner be not granted and to that end offer the following resolution:

W. H. TARBOX,
JOHN VOLLMAR,
Committee on Sewers.

Resolved, by the mayor and common council of the city of La Crosse, that the city engineer be instructed to stake the line of street opposite the Monitor brewery on Mill street and make a report to the common council as to the feasibility of having the sidewalk fronting on the lots changed to the lot line and that the petition of Wm. Buchner be not granted.

RESOLUTION

Resolved, by the mayor and common council of the city of La Crosse, that the board of public works be and they are hereby authorized to equip the street drinking fountains with sanitary bubbling cups of approved type, 28 of said fountains to be so equipped at a cost not to exceed fifteen dollars (\$15) each.

that the board of public works be and they are hereby authorized to re-advertise for bids and let a contract for the laying of a water main on La Crosse street from Fourteenth to Sixteenth streets.

Alderman Granke offered the following report and resolution which were unanimously adopted on call of the roll ayes 20 nays none.

La Crosse, Wis., June 6, 1910.

To the Honorable Mayor and Common Council of the City of La Crosse:

Gentlemen: Your committees on grounds and buildings and finance to whom was referred a resolution and communication relating to the furnishing of fourteen (14) metal lockers for the central police station together with the bid of Henry A. Trepte, offering to furnish said metal lockers at nine dollars (\$9.00) apiece, or one hundred and twenty-six dollars (\$126) for fourteen (14), a plan and sketch of said lockers being hereto attached, beg leave to report that we have had this matter under consideration and believe that the improvement would be beneficial and therefore recommend that said lockers be constructed by Henry A. Trepte at a cost not to exceed one hundred and twenty-six dollars (\$126) and to that end offer the following resolution:

OTTO GRANKE,
WM. P. ROELLIG,
C. F. LANG,
Committee on Grounds and Buildings

JOS. C. HOUSKA,
WALTER B. ROSE,
F. L. GODDARD,
Committee on Finance.

La Crosse, Wis., June 6, 1910.

RESOLUTION

Resolved, by the mayor and common council of the city of La Crosse that the board of public works be and they are hereby authorized and instructed to secure fourteen (14) metal lockers for the central police station in accordance with the sketch and bid of Henry A. Trepte hereto annexed, and that the same be constructed by Henry A. Trepte at a cost not to exceed one hundred and twenty-six dollars (\$126).

Alderman Vollmar offered the following report and resolution which were unanimously adopted on call of the roll: ayes 20, nays none:

La Crosse, Wis., June 10, 1910.

To the Honorable Mayor and Common Council of the City of La Crosse:

Gentlemen: — Your committee on sewers to whom was referred the estimates and specifications for a circular pipe sewer on Ferry street from Ninth street to Eleventh street, and on Fifth street from Ferry street to Mississippi street, which estimate is a total cost of two thousand two hundred and twenty-nine and 98-100 dollars (\$2,229.98), six hundred and sixty-one and 41-100 dollars (\$661.41) of which will be chargeable to the city, beg leave to report that we have had this matter under consideration and would recommend that the plans, estimates and specifications be accepted and the board of public works be authorized to advertise for bids and let a contract for the doing of said work in the usual manner for letting sewer contracts, and to that end offer the following resolution:

JOHN VOLLMAR,
W. H. TARBOX,
Committee on Sewers.

RESOLUTION

Resolved, by the mayor and common council of the city of La Crosse, that the plans, specifications and estimates for a circular pipe sewer on Ferry street, from Ninth to Eleventh streets, and on Fifth street, from Ferry to Mississippi streets, estimated at a total cost of two thousand two hundred and twenty-nine and 98-100 dollars (\$2,229.98), and a cost to the city of six hundred and sixty-one and 41-100 dollars, be and they are hereby approved and accepted and that the board of public works be and they are hereby authorized to advertise for bids and let a contract for the construction of said sewer in accordance with the charter provisions of the city of La Crosse.

Alderman Vollmar offered the following report and resolution which were unanimously adopted on call of the roll. Ayes 20, nays none.

La Crosse, Wis., June 10, 1910.

To the Honorable Mayor and Common Council of the City of La Crosse:

Gentlemen: Your committee on sewer, and city attorney, to whom was referred the communication of the city attorney relating to the practice of sewer contractors receiving certificates of special assessment of sewers and retaining them, in some cases for a couple of years, and charging interest upon the same and finally collecting them by having them inserted in the tax roll without ever presenting any bills to the property owners for the same, beg leave to report that we have had this matter under consideration and find that the conditions outlined by the city attorney in his communication exist, a good example of the same being the petition presented at the last meeting by Mary L. Conklin in which it appears that she attempted to pay her sewer assessment to both the city treasurer and to the contractor, but the same was finally put on the tax roll.

The result is that these sewer certificates are the most convenient form of securities in the hands of the contractor. He may place them in the bank as collateral, he may take them out again, he may assign them, he may keep them floating for some time and the property owner is forced to chase around from one place to another to find out to whom he is indebted.

Your committee is of the opinion that the only proper way to correct this evil is to adopt the recommendation of the city attorney, and to that end we offer the following resolution:

JOHN VOLLMAR,
W. H. TARBOX,
Committee on Sewers.

RESOLUTION

Resolved, by the mayor and common council of the city of La Crosse, that the city treasurer be and he is hereby authorized to receive said certificates without interest and hold the same until the certificates are presented for cancellation by the contractor or his assignee.

Be it further resolved, that nothing in this resolution relating to the giving of notice is to be construed in any manner so as to invalidate the special assessment against any property or any extra charges for the reason of the non-payment of the same, the notice hereby provided is merely for the benefit of the property owner and not a legal requirement. If any person from any cause shall fail to receive said notice, it shall in no way affect the validity of the assessment or charge or any part thereof.

Alderman Vollmar presented a petition from F. Hildebrand pertaining to the final estimate on the Mississippi street sewer.

Referred to judiciary committee and city attorney.

Alderman Downs read a resolution to have the causeway repaired.

Referred to street and alley committee.

Alderman Goddard offered the following report and resolution which were unanimously adopted on call of the roll, ayes 20, nays none:

La Crosse, Wis., June 10, 1910.

To the Honorable Mayor and Common Council of the City of La Crosse:

Gentlemen: The undersigned committee on streets and alleys to whom was referred the communication of the board of public works recommending the laying of sidewalks on various streets in the city of La Crosse, beg leave to report that having examined into this matter, we recommend the laying of sidewalks on the following streets:

West side of Seventeenth street from State to Pine streets.
Both sides of Seventeenth street from Pine to Farwell streets.
Both sides of South Park street from Thirteenth to Fifteenth streets.
Both sides of Eleventh street from Tyler to Denton streets.
South side of Mississippi street from Second to Third streets.
Both sides of Madison street from Green Bay tracks to Nineteenth street.
North side of Madison street from Seventeenth street to Green Bay tracks.
South side of Windsor street from Caledonia to Rose streets.
Both sides of Windsor street from Rose to Mill streets.
Both sides of Wall street from Rose to Mill streets.
South side of Pine street from Seventeenth to Eighteenth streets.

(Signed)

Committee on Streets and Alleys.
F. L. GODDARD,
JOS. C. HOUSKA,
FRANK KOHN.

RESOLUTION

Resolved, by the mayor and common council of the city of La Crosse that the board of public works be and are hereby authorized to order the laying of sidewalks on the above named streets according to provisions of the city charter.

Alderman Lang offered the following report and resolution which were unanimously adopted on call of the roll, ayes 20, nays none:

La Crosse, Wis., May 13, 1910.

To the Honorable Mayor and Common Council of the City of La Crosse:

Gentlemen: — Your committees on scales and grounds and buildings, to whom was referred a resolution for the repairing of the south side scales with a cement floor and other needed improvements, beg leave to report that we have had this matter under consideration and the city engineer had drawn plans, specifications and estimates of the cost of the same. That said plans provide for a concrete platform with the necessary retaining walls and hardwood floor in the scale house, the cost of said improvements is estimated at four hundred and fifty dollars (\$450).

Your committee would recommend that the board of public works be authorized to receive proposals and let a contract for the doing of said work in accordance with the plans and specifications on file, and to that end offer the following resolution:

C. F. LANG,
P. C. CASBERG,
WM. COLLINS,
Committee on Scales.

OTTO GRANKE,
WM. P. ROELLIG,
C. F. LANG.

Committee on Grounds and Buildings.

La Crosse, Wis., May 13, 1910.

RESOLUTION

Resolved, by the mayor and common council of the city of La Crosse, that the board of public works be and they are hereby authorized to receive proposals and let a contract for the repairing of the South side scales, in accordance with the plans and specifications on file at a cost not to exceed four hundred and fifty (\$450) dollars.

Alderman Sletten offered the following report and resolution which were unanimously adopted on call of the roll. Ayes 20, nays none.

La Crosse, Wis., June 10, 1910.

To the Honorable Mayor and Common Council of the City of La Crosse:

Gentlemen: Your committee on health to whom was referred a resolution relating to the renewal of a contract between the city of La Crosse and E. C. Swarthout in the matter of supplying a burying ground for dead horses and other animals at an annual cost of one hundred dollars (\$100), beg leave to report that we have had this matter under consideration and would recommend that said contract be renewed and to that end offer the following resolution:

A. SLETTEN,
C. F. LANG,
WM. P. ROELLIG,
Committee on Health.

RESOLUTION

Resolved, by the mayor and common council of the city of La Crosse, that the board of public works be and they are hereby authorized to enter into a contract with E. C. Swarthout for a burying ground for dead horses and other animals for one year from the expiration of the present contract at a cost of one hundred dollars (\$100).

Alderman Sletten offered the following report which was adopted by viva voce vote:

La Crosse, Wis., June 10, 1910.

To the Honorable Mayor and Common Council of the City of La Crosse:

Gentlemen: — Your committee on health to whom was referred a petition from Alex. Bailey, protesting against the dumping ground which is located in the alley between Eighth and Ninth streets and La Crosse and Grove streets, which said dumping ground is being used by some of the residents in that vicinity, beg leave to report that we have had this matter under consideration and your committee together with the health officer and the city attorney visited the said location and found a large amount of refuse was being dumped there by private parties, greatly to the annoyance of residents in vicinity, and your committee we therefore recommend that the health officer be instructed to place a sign in that vicinity prohibiting the deposit of refuse and dumping, and case said practice is not abated, to prosecute the parties under ordinances of the city of La Crosse.

A. SLETTEN,
C. F. LANG,
WM. P. ROELLIG,
Committee on Health.

On motion of Alderman Lang council adjourned.

JOSEPH M. SIEGER,
City Clerk.

SORROW THAT SOON PASSED

"See that little woman who went out?" remarked a milliner to a customer. "Notice that red hat, do you? Well, as a milliner and a person whose business it is to study the different characteristics of women, I have watched her for two years. She has been a kind of study of the 'evolutions of the widow.'"

"Two years ago she came to me, recently bereaved, and had me make her a hat of deepest black. She was a keen hearted and declared she would never again take an interest in the pretty things that women like to wear. A year ago she came again.

"Don't you think I might have the least bit of white in my spring hat," she asked.

"Yes," I said, "I think you might, and the hat was made. Three months later she came for another hat, and she stood for a little touch of lavender. Next she had a big white plume and last week I made her that red hat. It just shows what time will do in lifting up a heart bowed down."

Nothing makes a woman more suspicious of another than for the latter's cook never to try to borrow anything.

Some men can get desperately homesick having to stay home evenings.

Every man will find in every issue of the Cosmopolitan both fact and fiction that will hold his attention from the first word to the last.

Every man is interested in what is happening now—he is interested in what Charles Edward Russel has to say in the series of articles under the general title of "What Are You Going to do About it?" which explains the legislative rottenness in the various states in this country.

He is interested in what Diaz, the dictator-president of Mexico, has to say in his autobiography, and also in Lieutenant General Miles' autobiography — both of which will shortly begin in the Cosmopolitan Magazine.

In fiction he will find such men writing for it as Alfred Henry Lewis, Jacques Futrelle, Bruno Lessing, Jack London, Porter Emerson Brown, George Randolph Chester, O. Henry, Sir Gilbert Parker, Agnes and Edgerton Castle, and a score of others.

Not only is the Cosmopolitan Magazine for grown-ups, but it also has something in every issue to please the youngsters.

Kemble, the famous comic artist and cartoonist, draws and writes the funniest picture-stories that youngsters have ever seen.

Kemble became famous doing this sort of thing, and every child in the country knows Kemble's pictures. If for no other reason you ought to get Cosmopolitan for the youngsters of the family.

Every woman is interested in Woman's Suffrage—either for it or against it. In order that the women of this country may know what is going on regarding Woman's Suffrage abroad, Cosmopolitan sent Winifred Black to Great Britain to study the Woman's Suffrage movement there.

Harold Bolce is writing a series of articles in the Cosmopolitan telling how the Women's Colleges of this country are teaching young girls a new religion which is most sensational in its character.

Dr. Woods Hutchison, the famous popular writer on medical subjects, is writing a series of articles on babies and their care for the Cosmopolitan Magazine.

All these and scores of other things interesting to women are in this great magazine.

Grain Letter CHICAGO, July 9.-For a few minutes at the opening today the wheat market was an excited affair. No such action in prices has taken place since two months ago when the great Patten holdings of wheat were thrown overboard at a single session. The panicky operations of this morning were anticipated. The Washington crop figures which came shortly after the close yesterday threw the trade into the wildest sort of confusion. The report cut the North Dakota condition from 93 a month ago to 45. South Dakota and Minnesota were slashed badly at the same time. The northwest had good showers over night. How much they will amount to nobody can tell at this time but taken in connection with lower temperatures and a forecast of cooler weather for the whole country for the next 36 hours the reports helped to modify the extreme bullishness in the trade. How much they will amount to nobody can tell at this time but taken in connection with lower temperatures and a forecast of cooler weather for the whole country for the next 36 hours the reports helped to modify the extreme bullishness in the trade. At opening September wheat sold

as high as 105, December as high as 106, May as high at 109. These top figures were 3 3-8 to 3 1-2 cents over latest prices yesterday. All months covered a range of 1 to 1 1-2 cents on first trades. At the end of the hour September wheat was at 104, December at 104 3-4, May at 107 1-2.

Corn prices opened steady to 3-4 cents over close yesterday. September 61 3-8 to 61 5-8 and a later break to 60 1-2, December sold 60 1-4 and off an hour later to 59 May price was at 62 1-2 to 62 on first trades and weakened to 61 1-8.

Oats opened sharply higher but lost the greater part of the advance during the subsequent trading. Owing to the sharp upturn in wheat there was a rush on the part of shorts to cover, while commission houses had a good many buying orders. At 40 for September, good general selling developed. July oats opened at 41 1-2, sold to 41 3-4, off to 41 1-4. September opened at 39 3-4 to 40 and sold to 39 1-2.

Provisions opened higher but lost the advance later. There was a good general demand in evidence at the outset because of the sharp upturn in wheat and the higher prices for hogs.

Close-July wheat closed 1-2 below the opening price, September 7-8 lower and December one point lower. September corn closed 3-8 higher and December 1-8 lower. July unchanged. Oats closed 1-4 lower all around. Provisions lower.
